Prevention Measures to Novel Coronavirus

30 January 2020

Dear parents and members,

In order to prevent the spread of the Novel Coronavirus, **all members, parents and visitors MUST wear a surgical mask when visiting HKCC's centres.** The West Kowloon Centre and Homantin Centre are cleaned with appropriate disinfectant (1 part of household bleach with 49 parts of water) regularly. Alcohol-based handrub is provided in the centres for hand hygiene as well.

Please always maintain good personal hygiene. When having respiratory symptoms, avoid going to crowded places and seek medical advice promptly.

Thank you for your cooperation.
